

Richmond Transformation Plan for Children and Young People's Mental Health and Wellbeing 2015-2020

2018 Update

This is our new Children and Young People's Mental Health and Wellbeing Transformation Plan for 2018.

The Plan tells you about how we provide services for children, young people, families and carers in Richmond upon Thames.

Your ideas have helped us make last year's plan better.

This plan is for 2018 and will tell you about what we did in the last year.

Why do we need a plan?

The plan tells you about the emotional and mental health of children and young people in Richmond upon Thames.

It tells you about what has been done and what is going to happen to help children, young people, families and carers in the future.

We will make sure we have services for children and young people who need help and support because they are upset or frightened.

Our Plan tells you about:
